The background is a deep red with a mottled, textured appearance, resembling aged paper or stone. There are six vertical dotted lines in a golden-yellow color, arranged in two rows of three. The top row of lines is positioned above the text, and the bottom row is positioned below it.

Dear Valued Customer,

I'm proud to announce an exciting first for the U.S. Mint...

Enclosed you'll find information about a new three-coin set that is not only collectible, it is especially affordable.

It's the U.S. Veterans Commemorative Silver Dollars set, and it represents the first time we've offered three different commemorative silver dollars together at a special discount.

Every magnificent detail of these coins has been masterfully crafted by our artisans, creating works of art that are as powerful as their inspiring subjects.

They are splendid tributes to three groups of deserving heroes — prisoners of war, Vietnam veterans and women who serve in the American military.

All of these Americans made sacrifices for their country. They risked their very lives for freedom's sake. Yet, in all three cases, full recognition of their valor and contributions has been slow in coming.

Purchase these coins in a three-coin set and you'll not only receive savings over what you'd pay buying them individually, you'll receive those savings in addition to your Pre-Issue discount!

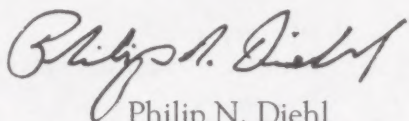

As if the prospect of saving money isn't exciting enough, there's more to the coins that I think you'll find equally interesting.

Each coin in the set features an authorized mintage of just 500,000 coins. That's the lowest authorized mintage for a silver dollar since the White House 200th Anniversary Coin. And it sold out in the first four weeks!

Now, you have a fitting way to pay tribute to these courageous men and women — the U.S. Veterans Commemorative Silver Dollars.

So won't you help honor America's often overlooked heroes, while adding fine collectibles to your collection?

Sincerely,

A handwritten signature in dark ink, reading "Philip N. Diehl". The signature is fluid and cursive, with the first name "Philip" being the most prominent.

Philip N. Diehl
Director
United States Mint

P.S. As you may be aware, our most recent commemorative coin issue — 600,000 Thomas Jefferson 250th Anniversary Silver Dollars — sold out in less than five weeks. We expect similar results for the U.S. Veterans Coins. I encourage you to place your order early, not only to take advantage of the Pre-Issue discount, but also to avoid missing the opportunity of adding these fine coins to your collection.
